**REQUEST FOR INTERVIEW**

Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Applicants respectfully request a telephonic interview between the Examiner and Applicants' undersigned agent and attorney. During the interview, it is expected that claim 1 will be discussed at it relates to *Knowles* (U.S. Patent No. 6,446,107). In this regard, it is not believed that *Knowles* suggests "propagate, kill and generate recoded number representations," as defined by the instant application. Further, it is not believed that *Knowles* discloses three separate "propagate, kill and generate recoded number representations," as defined by either the instant application or *Knowles*, being processed by the alleged "circuitry," "first carry-save adder," and "modified carry-save adder," as described by claim 1.
